Product no.: IN-871236.R1

Gerhard Richter is an enthusiastic photographer who repeatedly transforms photographs of landscapes into editions. His "Canary Landscapes" are based on photographs he took in 1969. The narrow lines framing each picture give the sheet a decorative character and contrast with the motif, which conveys very little spatial depth.

For Richter, the selection of the photograph is already a step towards the work of art: "I tried not to find anything tangible (...). So it's a kind of escape."

Original colour heliogravure, 1971, from a portfolio of 6 sheets in total, edition of 50 copies on light handmade paper, numbered and signed. Catalogue raisonné Butin 39d. Motif size 15 x 22 cm. Sheet size 39.5 x 50 cm. Size in frame 44 x 53 cm as shown.
