

Christian Awe: Picture "inhale II" (2023) (Unique piece)

Product no.: IN-942755.00

In his works, the artist blurs the boundaries between imagination and reality in a play of light and shadow. The three-dimensional-looking colour landscapes of his "Water Pictures" appear photo-realistic - almost as if they were printed. They captivate with their artistic skill because every drop of water is painted. The pictures glow from within, opening up a cosmos of colour and light. Christian Awe's painting touches the senses and invites us to let ourselves be emotionally carried away and expand the boundaries of our own perception.

Acrylic on canvas, 2023. Signed on the back. Size stretched on stretcher frame 120 x 100 cm as shown.
