

## Henri Matisse: Picture "Tête voilée" (1950/51)

**Product no.:** IN-947913.R1

Matisse's female profiles are particularly well-known and constitute an important part of his artistic oeuvre. Matisse portrayed women in various moods and expressions, often simplifying and stylising their forms.

The profiles are characterised by a harmonious combination of lines and shapes that radiate timeless beauty and elegance.

The portrait "Tête voilée" is a particularly successful example of this artistic form concept: Matisse presents a female face in a typically reduced manner - the lady seems to be gazing thoughtfully at the viewer.
