

## Markus Lüpertz: Picture "Still Life" (around 1980) (Unique piece)

**Product no.:** IN-938828.R1

Markus Lüpertz proves that still lifes are still extremely contemporary as a motif. During his long career, he devoted himself repeatedly to this pictorial theme.

With his work from 1980, Lüpertz opened up a new approach to this traditional subject in terms of the way it is depicted, as well as the technique used. The basis of his mixed technique was a woodcut on handmade paper, which he then worked on with gouache, watercolour and coloured chalk. With the skull and the candle as symbols of transience, he chose classic still-life subjects.

However, Lüpertz created his own individual interpretation with the expressive painting style typical of the artist and through the greatly altered proportions of the pictorial objects.

Gouache, watercolour and coloured chalk over woodcut on handmade paper, around 1980. Monogrammed. Motif size/sheet size 60 x 88 cm. Size in frame 81 x 108 cm as shown.
