

Gerhard Richter: Picture "2.2.08 (Grey Forest)" (2008) (Unique piece)

Product no.: IN-937245.R1

The dated series of painted-over photographs, which Richter took in a forest near his home, makes us question our perception of two visual media that could hardly be technically more different.

To achieve this, he juxtaposes painting and photography by painting over the photographs with grey lacquer paint, thus putting their respective qualities and possibilities to the test.

For Richter, the colour grey is "the welcome and only possible equivalent of indifference, refusal to make a statement, lack of opinion, lack of form".

Lacquer on coloured photograph, 2008. Dated and signed. Motif size/sheet size 18.6 x 12.6 cm. Size in frame 43.5 x 32 cm as shown.
