€1,000.00

Product no.: IN-919497

Hans Schüle's expansive sculptures possess an aesthetic all of their own; they appear organically grown - yet artificial. The lacquer-coated steel bodies oscillate between abstraction and figuration and can be presented both as wall objects and standing. The repertoire of forms is diverse: geometric surfaces, bands, folds and twists are brought together to form a complex structure.

Sculpture made of steel and lacquer, 2020. Edition: 5 + 1 artist's copies, numbered. Height: 25 cm. Width: 23 cm. Depth: 22 cm.
