

Neo Rauch: Picture "Upwards" (2021)

€12,500.00

Product no.: IN-936799.R1

An enigmatic scene typical of Neo Rauch shows a painter pausing in front of his easel while an energetic woman critically appraises his picture. Allusions to works and metaphors from art history surround the figures like ghosts and provide an insight into the creative process that stands behind the picture - symbolically and literally.

The crowded group of people and objects is contrasted with a compositional upward movement directed towards the upper right corner of the picture and - in contrast to the tangle opposite - again symbolises the creative process with the final dissolution of the fog and the goal of artistic expenditure.
