

**Thomas Röhrl:**  
**Sculpture "Vertical Development 270 Degrees" (2017) (Unique piece), steel**

**Product no.:** IN-884172

After the material has cooled, Thomas Röhrl creates objects that seem to defy gravity and radiate an almost graceful lightness that contrasts with the unyielding material.

Sculpture made of Corten steel, 2017. Height: 161 cm. Width: 37 cm. Depth: 45 cm. Including concrete base (32 x 56 x 56 cm). The price includes installation.
