

Günther Uecker: Picture "Walking the Circle - Ouroboros, Motif 5" (2018)

Product no.: IN-890418.R1

Günther Uecker recently made the series of terragraphics entitled "Walking the Circle - Ouroboros". The special feature of a terragraph is that sand is added to the paint during the screen-printing process. The work cycle "Ouroboros" refers to the archaic pictorial motif of a snake biting its own tail, and so its body forms a closed circle. The symbol, which originates from ancient Egyptian iconography, symbolises infinity, eternal recurrence and the union of opposites.

Sand/screenprint on canvas, 2018. From the edition "Walking the Circle - Ouroboros". Edition: 36 copies, numbered and signed by hand. Motif size 95 x 95 cm. Size in frame 98.5 x 98.5 cm as shown.
